FORKLIFT CYLINDER		
	Evacuate, re-valve, recertify (aluminum or steel)	\$ 75.69

QUOTATION is valid for 15 days. ALL VALVES will be replaced in every tank with quality products. Gauge and float assembly will be repaired or replaced at our discretion and may include an upcharge. Steel shot blasted down to bare metal. **Each cylinder is painted using high quality, 2-component, direct-to-metal urethane paint.** One (1) year warranty. Workmanship will be in accordance with industry standards. **All tanks will be returned purged with propane vapor and methanol.** All DOT cylinders will receive a 5-year test and stamped with Aero's RIN#. We will scrap any non-repairable equipment for you. Inbound and outbound freight will be quoted upon request. Customer assistance required in loading and unloading of tanks. Aero will provide pictures, upon request, of the quality of our workmanship.
